MINING, BUSINESS AND STOCKS.

BUILDING OF SMELTER IS BOOMING TOOELE

Train Stops Within Half Mile of Smelter Site-Concrete laid for \$40,000 Hotel at Smelter Town.

The new Tooele Valley railroad. which runs from the Salt Lake Route to the International Smelting & Refining company's smelter site in Pine Canyon is now within a half mile of operation at the plant. Yesterday an

operation at the plant. Yesterday an engine was able to make its way along the road to almost haling distance of the smelter site. The engine is hauling rails as fast as the gang of men now at work can put them down. By the end of the week the laying of rails will be almost finished and the surfacing machine will be put into commission to finish up the work.

Shortly before leaving for Anaconda this afternoon E. P. Mathewson, who is in charge of the installing of the new plant, declared that the work now going on at the smelter has put new life into the City of Toocle. He asserted that the Townsite company and various other companies at the new smelter city were doing an enormous business, as near as he was able to judge conditions. The smelter company has nothing to do with the work that is being carried on in the City of Toocle and the townsite company is an independent organization, backed by people from Salt Lake, Toocle and Anaconda.

The concrete foundation was laid at Toocle vesterday for a \$40,000 hotel and

Anaconda.

The concrete foundation was laid at Tooele yesterday for a \$40,000 hotel and new buildings are springing up all over the city. It is declared that Tooele within a few years will have a population of 5,000.

PROVO IS BUSY STOCK. Security Shows Considerable Activity

On Salt Lake Exchange.

Trading on the Salt Lake Mining exchange today was slower than usual and during the entire morning session only 59,820 shares of stock changed hands at \$27,942.75. This is the slowest day thus far this year. In spite of the small amount of stock traded in transactions were registered in a large

today and 22,400 shares were disposed of this morning at 9 cents and 10 cents. Columbus Consolidated exhibited a tendency to sag, while Iron Blossom was

Carisa which has been slowly moving up for some time sold at \$1.07\(\frac{1}{2}\) and Sloux Consolidated sold at \$1.12\(\frac{1}{2}\).

Uintah Pla. M. I. E. Co.

Mountain-Gold at Sundance.

Acting upon advice coming from rail-road men, Charles Bair, William Rae and T. Smith have purchased the con-trolling interest in the Williams-Luman mines, situated on Buffalo creek, the deal having been closed the latter part of last week. Over \$75,000 cash was paid, and the company will at once proceed to develop the mines, which are said to be among the greatest copper deposits in the west. The building of the road will furnish the company with a direct outlet for the ore, which has heretofore not been mined to any ex-tent on account of the distance of the mine from a railroad.

ELK MOUNTAIN ORE.

Forty per cent copper glance ore is reported to have been uncovered in the Elkhorn claim in the Elk mountain district. W. W. Petty, who reports this find says that the vein encountered is five feet thick. If this discovery is really a vein and not a pocket, as is so frequently the case in that district, the Elkhorn people have a bonanza sure. Efforts are being made to penetrate the mountain further with money of Oklahoma people who are coming out here to investigate.

A rich gold strike is reported from the Black hills near Sundance, in Crook county, this state. The strike was made on the Bear Lodge Mining company's property.

property.

The mine is located on the western slope of the Black hills and not far from the famous Homestake mine, which is known the world over as a fabulous gold producer. The company owns 500 acres of land, with plenty of timber and water, and easily accessible from outside points. Behind the enterprise are reputable men who are among the substantial citizens of Wyoming the substantial citizens of Wyoming.

SIMILAR FORMATIONS.

The formation of the country in which the company is operating is quite similar to that of the Cripple Creek district of Colorado, where millions upon millions have been taken out of the ground and countless for-

improvements in the near future, in-cluding the erection of a mill of suf-ficient size to handle the increased output of the mine. Officers of the company are L. R. Davis, president; M. J. Scott, vice president; W. J. Wood, secretary, and F. W. Schaefer, general manager. The capital stock is \$1,000,000

LETS CONTRACT FOR SHAFT.

DECLINE PROVO INVITATION. The Salt Lake Mining exchange this norning received an invitation from the Provo exchange, asking that the local Provo exchange, asking that the local brokers adjourn and join them in some "high jinks" at the track meet this afternoon. As the invitation came in too late for the brokers to arrange their business for the day and take the trip to Provo, it was decided to decline it. Acting President Browning has addressed a letter to the Provo exchange thanking them for their courtesy and explaining the reason for not being able to accept the invitation.

NEW INCORPORATION.

NEW INCORPORATION.

(Special to the "News.")
Ogden, May 26.—Articles of incorporation of the Ogden Valley Mining & Milling company have been filed with the clerk of Weber county. The capital stock is \$50,000, with shares of the par value of \$1 each. The officers and directors are: Fergus O. Wilson, president; George Froerer, vice president; John D. Wilson, secretary and treasurer; William R. Burnet and Richard Wilson directors. The purpose of the company is to develop mining claims in Ogden valley.

WILL BUY

Edward L. Burton. 11 South Main. Both Phones 910. manager of the Western Utah Copper company, and E. L. White, vice presi-dent of the Bingham Mines company, left today for Deep Creek.

Word has been received from Man-ager John Matson of the Leonora Min-ing and Milling company in the Star ing and Milling company in the star-district, Beaver county, that the tun-nel is now in a highly mineralized ter-ritory, indicative of the presence of ore. The tunnel is now in 280 feet and good progress is being made toward the ob-jective point.

Manager T. W. Walsh of the Mineral Mountain Mining company, asserts that a contract has been let to extend the incline shaft another hundred feet, when drifting will begin on the 200 level. The company will also purchase a gasoline hoist. The Lucin Consolidated Mines company in the Tacoma district will fully equip its mine at once.

Fred Flindt, a well known mining Fred Filindt, a well known mining man, returned yesterday from a trip to Arizona. He asserts that most of his time was spent at the Inspiration property, where he declares the company can develope an ideal steam shoveling proposition. He asserts that there is no doubt but what the Inspiration property has the extension of the tion property has the extension of the

Dan Ferguson, who with a number of Salt Lakers and Beaver county men, is interested in the Moscow Bonanza is interested in the Moscow Bonanza lease, returned from the camp yesterday. He asserts that a one-foot vein was started on from the surface and that it has ranged from one to one and a half feet in the 25 foot shaft that has been put down. A shipment is nearly ready. The shaft will be sent to the 100 level when drifting will be done both ways. The assay returns show the rock averages \$20.20 in gold. 66.9 ounces in silver, 18.5 per cent copper and 1 per cent lead.

B. F. Grant has withdrawn from the B. F. Grant has withdrawn from the Utah Stock & Mining exchange and accepted a partnership with James Chipman, who now owns a seat on the Salt Lake Stock & Mining exchange. Mr. Grant will represent Mr. Chipman on the board. Mr. Grant was one of the directors of the new exchange. Soveral seats have been sold lately on the old exchange, the last being that of Willis Booth to Pratt & MacBeth. The price was \$2,050. The exchange building committee yesterday closed contracts with R. K. Cobb & Co., and D. B. Lowe & Co., for the leasing of the two larger rooms on the first floor of the new exchange building. of the new exchange building.

J. R. WHITNEY, Stock Broker. 34 Atlas Bell, 1470. Res. 3004-Z

MARKET SLUGGISH **CLOSING HEAVY**

New York, May 26.-There was a sluggish and irregular movement of prices in the opening dealings today on the stock market, which were very light. Some of the industrials made a show of Some of the industrials made a show of strength. United States Steel common opened ¼ higher than last night and 1½ better than its previous record price. American Locomotive and Utah Copper gained 1, and Amalgamated Copper and Baltimore & Chio preferred large fractions. Western Maryland declined ½. Moderate liquidation of some of the low-priced stock produced a generally heavy tone. Subsequent weakness of Reading and United States Steel was a contributing influence, but there were few losses of importance in the standard stocks. Pressure lightened before 11 o'clock and there was a slight recovery. Cessation of the selling led to dulness with no effective rally except in Western Maryland, which rose 1 over last night. Selling was then renewed and prices yielded early. Reading was forced down 25½. American Sugar 1¼ and Great Northern preferred. Northern Pacific, Chesapeake & Ohlo, Southern Rallway preferred, Erle first and second preferred, Missouri Pacific, Texas & Pacific, Missouri, Kansas & Texas, American Smelting, Westinghouse Electric, Republic Steel, American Matting preferred and Consolidated Gas 1. Wells-Fargo soid at an advance of 20 points.

Bonds were steady.

Trading became dull around the low prices, but prices did not rally much. Delaware & Hudson sagged 1½ and Pullman 13½.

Reading recovered a point of its loss strength. United States Steel common

Reading recovered a point of its loss

Reading recovered a point of its loss before it weakened again and fell back to the lowest. The rest of the list followed Reading's lead, but in a much narrower movement. American Can preferred declined 1. National Lead preferred rose 2½.

The market closed heavy and lifeless. Prices were almost motionles for most of the final hour. Bethlehem Steel fell 1½ and Long Island, American Can, Distillers securities, American Cotton Oil, Sloss-Sheffield and Federal Mining preferred 1.

PRODUCE. CHICAGO.

CHICAGO.

Chicago, May 28.—A temporary setback to the advancing tendency of wheat prices was encountered during early trading today. Prices at the opening were ½ to ¾ lower, with May at 1.23½ to ¾ and July at 1.17 to ¾. Before the end of the first half-hour, May had sold off to 1.33, but July held within the range. News of the day was favorable to the bears, more rain being reported in Russia, cables being weak and weather conditions in this country being generally favorable for the new cron.

The corn market was also weak owing to liberal receipts and the easier tone of wheat. Prices at the start were unchanged to ¾ lower, with July at 70½ to ½. July eased off to 70½ 0.½.

There was a big trade in oats and the market was weak. Favorable weather for the new crop brought out many selling orders and demand was poor. July opened ½ 0.½ to ½ 0.½ lower at 54% to 50%, and sold off to 50%.

Provisions were quiet and easy, the weakness of grain having a depressing effect. Prices at the opening were un-

changed to 2½ higher.

Wheat—The market was erratic the greater part of the day and prices fluctuated over a wide range. May sold between 1.32 and 1.33%, while July ranged between 1.16% and 1.18%. The close was rather weak with May off 1½ at 1.32%, and July down ½ 6½ at 1.17½.

Corn—Later May declined to 74% and July to 70½. The close was easy, with May off 1½ at 75½ July was also down ½ at 75½ for 1.05% 67%.

Close—Wheat—May, 1.32%; July, 1.17½; Sept., 1.0% 67½, Dec., 1.08¾; Sept., 1.0% 67½. July, 75½; Sept., 1.0% 67½. Gorn—May, 75½; July, 54%; Sept., 44%; Dec., 45¼.

Dec., 454.

Pork-May and July, 18.95; Sept., 19.02½.

Lard--May and July, 10.02½; Sept., 1.66; Oct., 11.07½.
